Animal nutrition is as important as the nutritional needs of a human child or adult and may not always be achieved with commercial pet food products. To give your pet's immune system a boost use **Healthy Pet** daily and help your animal's natural body defenses be in top form to fight off illness and disease.

Healthy Pet has been specifically formulated with the needs of your animal's immune defense network in mind. Although different species, their nutritional needs for immune support are relatively the same. Suitable for both cats and dogs, **Healthy Pet** is an easy-to-use, and better absorbed liquid formulation, with natural chicken flavour.

Suggested dose for animals:

1 – 10 lbs.....	½ teaspoon (2.5 ml) daily
11 – 20 lbs.....	1 teaspoon (5 ml) daily
21 – 50 lbs.....	1-1/2 teaspoon (7.5 ml) daily
51 – 100 lbs.....	2 teaspoons (10 ml) daily
> 100 lbs.....	1 tablespoon (15 ml) daily

Shake well. Refrigerate after opening.

Healthy Pet is manufactured under strict **GMP** standards and contains no dairy, yeast, corn or wheat.
